

NEWS FROM SOUTHPORT BRANCH 312

Hello Everyone

The Weather is much better at this present time. We have had two meetings, one again at The Mount Hotel for lunch, not a full turn out of us all, then Joan invited us for Tea and Coffee and homemade cake in her new Summer house, which is lovely over looking the Orchard; the geese gagging in the back ground and of course Teddy her dog and Ian's dog Tiffany looking for nice treats. Thank you Joan for a lovely afternoon. We all put in Joans Lifeboat Tin for her Charity.

Thanks to Myra for waiting on us all and bringing Margery and Allan with her as Allan isn't driving anymore, but after laser treatment, he has sight coming back.

We are looking to go to the Spitfire Pub for a meal before you get this letter. Bobs had a fall, but home again and we missed him. Also Edwina is home, but still not a hundred per cent. Best wishes to them both.

Sadly Margaret Sutton (Peter's wife) has passed away. Over the years if you sat by Margaret you always had a nice afternoon, she was good company and we miss her. Peter is still meeting us and doing very well. Also Joan's friend Beryl has passed away; when she came along as a guest she was friends with us all.

Best wishes, see you all soon.
